Further Telephone Merger.

At a special meeting of the stockholders of the Citizens telephone company held at the office of the corporation in St. Johnsbury yesterday forenoon it was voted without a dissenting vote to sell out to the Passumpsic telephone company. The vote was adopted by a stock vote of 1422 shares, being all the stock represented at the meeting of the total issue of 1624 shares.

The Citizens is the most formidable rival of the Bell telephone interests in this vicinity and the sale at par value of its stock for the entire plant starts a new chapter in the interesting history of local telephone development.

Elisha B. Seeley of Boston, president of the Citizens company, in advocating the sale before the meeting of stockholders, told of the repeated offers that have been made and the negotiations that finally led up to the present agreement. He called attention to the fact that by the selling out of the Buchanan line to the north of us and the Eastman line to the south, the real service of the local exchange has been seriously interfered with. It is understood that the sale of the McGuire line to the west is also pending and probable. Mr. Seeley said that in his opinion the present laws in this state and the work of the public service commission were discouraging to independent companies and wholly for the protection and in the interests of monopolistic development.

Barton and Glover Union.

At a meeting of representatives of the school divisions of the towns of Barton and Glover recently organized into a school supervision union it was voted to name the union the Barton and Glover Union.

County W. C. T. U. Convention.

The county convention of the W. C. T. U. will be held with the union at Orleans next week Wednesday and Thursday, May 15 and 16. The speakers will be Miss Elizabeth Gordon from Boston and Rev. Mr. Baker from Morrisville.

The Rights of the Public in Water Powers.

By Frank S. Billings, Woodstock, Vermont.

Prepared for the Vermont Commission on the Conservation of Natural Resources.

So much has been written and said about the development of "White Coal" of Vermont that it seems to me time to look over the history of the development of the water powers of our state, to see if such privileges have been granted in a proper way, and to study carefully a plan for the wise development of this power in the future.

Any unprejudiced citizen will acknowledge that the natural resources of our state should be used and developed in a way that will accrue to the greatest good of the greatest number of the inhabitants of Vermont, and in so doing, accrue to the benefit of the state as a whole. Has this development in the past been made in this way? My personal opinion is emphatic that it has not been, but that it has, on the contrary, been used for the benefit of the few.

In the past the state has granted

COUNTY SCHOOL DIRECTORS.

A meeting of the school directors of Orleans county and others interested in school matters was held at the high school building yesterday. State Superintendent of Education M. S. Stone was present and presided.

The towns of Troy, Newport, Derby, Charleston, Brownington, Westmore, Glover, Coventry and Barton were represented and a very helpful meeting was held.

In the forenoon Dr. J. A. Pearson led a discussion on the advantages of a county organization of school directors, pointing out the fact that the people, through the medium of the school directors, must become more interested in the schools. G. W. D. Reed of Charleston presented some timely suggestions as to rural school grounds and schoolhouses, making the point that ample school grounds should be provided and that heat and ventilation were also very important factors in rural school buildings.

In the afternoon the subject of how the high schools can aid Vermont was taken up and a lively discussion led by Mr. Stone himself took place in which several expressed their views. E. A. Robinson of Brownington spoke upon the question of making elementary schools more practical and the discussion following brought out points of merit.

"Difficulties Confronting School Boards" was also a subject of general discussion.

Besides school board members present Union Superintendents Hamilton of Newport and McGinnis of Troy took part in the discussions, as well as Principal Stannard and Prof. Erwin of Barton.

Methodist Episcopal Church Notes.

The Woman's Alliance will hold a food sale, Saturday afternoon at 2:30. There will be a social and business meeting.

New Church Consecrated.

Troy's first Roman Catholic church was consecrated Sunday with a large congregation present. The ceremonies being conducted by Bishop J. J. Rice of Burlington. Rev. Joseph Lavigne of St. Ignace's church, Lowell, through whose efforts the church was erected, also had a prominent part. The building, which is erected to accommodate 200, was erected at a cost of \$3,500, and for the present the pulpit will be supplied by Rev. Fr. Lavigne.

Drove Horse to Death.

The following appears in issue of May 1 of a St. Johnsbury paper: "Jules Colombo, who claims that his home is in Lyndonville, is in jail and will be given a hearing in municipal court today on the charge of abusing a dumb animal. The man started from Barton sometime Friday night with a horse and wagon and drove the animal so hard that it fell in the road above Hastings bridge and Colombo walked away and left it. The animal laid there in the harness until workmen found it in the morning. Deputy Sheriff Fred S. Harriman was notified of the team and went up there and shot the horse to end its suffering.

"Sheriff Worthen located Colombo in the village Saturday and placed him under arrest and he is in jail awaiting his hearing today."

Judge Thompson.

The St. Johnsbury Republican of today says: "Judge Frank D. Thompson of Barton returns from last week's exciting campaigning in Massachusetts, flushed with Rooseveltian expectancy and even intimating in his patriotic ardor for statesmanship achievement that Congressman Plumley will have opposition for renomination in this district if he has to furnish it himself."

C. A. Prouty Will Retire.

While speaking at the Annual Sugar Party of the Vermont association in Washington on Friday night April 29, Hon. C. A. Prouty announced his retirement from his present position on the Interstate Commerce Commission, to take place in the near future, and his return to his home in Newport.

Congregational Church Notes.

The Ladies' society will meet at the church parlors Wednesday, May 15. Supper will be served at 6 o'clock, to which all are most cordially invited.

B. A. Notes.

Phil Davis sprained his ankle quite severely in the Lyndonville game Saturday and will be unable to play for a time.

Harry Humphrey gave an interesting account of the U. S. Mint and Bureau of Printing and Engraving Friday afternoon.

The annual business meeting of the Alumni association was held at the academy building Monday evening. The following committee of arrangements was chosen: Mrs. H. J. Stannard, Miss Sadie Corley and F. D. Pierce. It was voted to hold the annual banquet on Friday evening, May 31.

The honors of the class of 1912 were awarded last week. Hiram McLellan received first honor and Nellie Cassidy second. The following commencement speakers were chosen by the class. Class prophet, Phil Davis; class historian, Clyde Cooper; class will, Robert Jewell; class poet, Roy Brabana. The commencement exercises will be held in Seaver's opera hall upon the evening of May 30.

The ball game Saturday afternoon between Barton academy and Lyndonville Institute resulted in a defeat for the latter. There was not much hard hitting although the scores ran high and even which made the game interesting.
